This plat represents my professional opinion as to location of the boundaries of the herein described parcels of land, based on the information made available to me at the time of the survey. Any variation between the boundaries as depicted by the dark lines on this plat, and possession lines such as fence lines, mowed lines, building encroachments or other encroachments, whether shown on this plat or not, may constitute a question of legal ownership. These questions should be resolved with the adjoining land owners before any changes are made.
