

☐ **Hologate OPTION: Enhanced Lighting Package**

\$3,488.00

1

\$3,488.00

Adding our Enhanced Lighting Package to your Hologate VR System increases visibility and attractiveness inside your facility while providing interactive lighting that is run by the system through DMX controls.

This includes 8 additional lighting elements that illuminate the vertical truss beams as well as 4 stinger spots.

This covers an additional year of warranty service and software licensing after the first year. This also includes our advanced replacement program to ensure we get you any parts needed without delay. Without this license all additional games beyond Hyper GP will be removed. With this license you will have access to all released 1st Party Content.

In addition to warranty and licensing extensions, you will receive:

- New 1st Party Game Releases
- Updates to existing content/interface
- Priority Support Access and Advanced Replacement Program

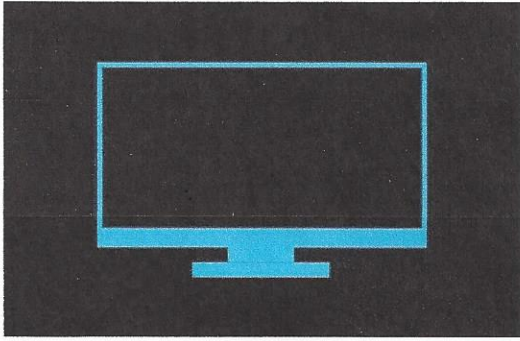

☐ **Hologate Blitz OPTION: 4 Player Motion Simulator Support Package (additional year)**
